

ANAVITE™ The Ultimate Performance Enhancing Multivitamin Supplement

ANAVITE is far beyond a mere high potency multivitamin. It's really 3 supplements in 1. A high potency *athlete's* multivitamin/mineral formula with optimal, clinically validated doses of Beta-Alanine and Carnipure™ (L-Carnitine L-Tartrate) for vastly increasing endurance and nitric oxide levels while reducing recovery time, thus optimally increasing aerobic and anaerobic athletic performance. Fully loaded with highly bioavailable vitamin cofactors such as methylcobalamin and powerful minerals such as methylselenocysteine you can expect that ANAVITE will exceed your expectations in a high potency multivitamin & mineral formulation. To raise the bar even further, Gaspari researchers included 2 FULL GRAMS of the powerful recovery aide Carnipure™ (L-Carnitine L-Tartrate) which has also been shown to increase vasodilation, nitric oxide levels, and increases androgen receptor density. Lastly, while other companies under dose beta-alanine, ANAVITE includes over a FULL 3 GRAM daily dose of this powerful amino acid which is the dosing threshold clinically shown to increase both anaerobic and aerobic performance. This means you can train hard for longer![†]

You see, both carnitine and beta-alanine are both best taken daily, just like your multivitamin so why not combine them into one POWERFUL daily supplement formula at a cost effective price? We guarantee, ANAVITE packs a potent array of ingredients at FULL DOSES true athletes require to meet and even exceed their performance and recovery demands. Who else but Gaspari Nutrition would give you three distinct supplements revered by educated athletes everywhere –all for the price of one.[†]

SUGGESTED USE: Take (3) three tablets twice daily with food. Not formulated for use in children. Do not exceed suggested use. As with any supplement, if you are taking medication, consult your doctor before use.[†]

WARNING: This product contains shellfish and beef derived ingredients. You should not take this product if you have any prior medical condition, including diabetes or high blood pressure. Consult your doctor before using this product. May cause a harmless prickling/tingling/flushing sensation in some users. This sensation generally decreases with continued usage. If this sensation becomes bothersome, taking ANAVITE with a meal may blunt this effect. Not for use by individuals under 18 years of age or by women that may be pregnant or nursing.[†]

KEEP OUT OF REACH OF CHILDREN. Store at room temperature. Keep bottle tightly closed.

What Does ANAVITE Do?

- Increases Androgen Receptor Content in Muscle[†]
- Enhances Post Exercise Muscle Recovery[†]
- Increases Vasodilation and Nitric Oxide Availability[†]
- Maximizes Aerobic and Anaerobic Sports Performance[†]
- Contains High Potency Multivitamin & Mineral Formulation[†]

THE ULTIMATE PERFORMANCE ENHANCING MULTIVITAMIN SUPPLEMENT

LOADED WITH HIGHLY BIOAVAILABLE VITAMIN COFACTORS AND HIGH DOSES OF BETA-ALANINE AND L-CARNITINE L-TARTRATE

180 COUNT TABLETS

DIETARY SUPPLEMENT – Net Wt. (.616lbs.) 280g

Supplement Facts

Serving Size: 3 Tablets
Servings Per Container: 60

	Amount Per Serving	% Daily Value
Vitamin A (alpha & beta carotene)	5000 IU	100%
Vitamin C (as ascorbate)	250 mg	417%
Vitamin D3 (as cholecalciferol)	250 IU	63%
Vitamin E (as d-alpha tocopherol)	30 IU	100%
Vitamin K2 (as menatrenone)	80 mcg	100%
Vitamin B1 (as thiamine mononitrate)	15 mg	1000%
Vitamin B2 (as riboflavin)	20 mg	1176%
Niacin (as niacinamide & inositol hexanicotinate)	50 mg	250%
Vitamin B6 (as pyridoxine HCL)	30 mg	1500%
Folic Acid	200 mg	50%
Vitamin B12 (as methylcobalamin)	250 mcg	4167%
Biotin	300 mcg	100%
Pantothenic Acid (as d-ca pantothenate)	50 mg	500%
Calcium (as calcium phosphate)	40 mg	4%
Phosphorus (as calcium phosphate)	105 mg	10%
Iodine (as kelp)	75 mcg	50%
Magnesium (as magnesium chelate)	100 mg	25%
Zinc (as zinc chelate)	15 mg	100%
Selenium (as l-se-methylselenocysteine)	35 mcg	50%
Copper (as copper chelate)	1 mg	50%
Manganese (as manganese chelate)	1 mg	50%
Chromium (as chromium polynicotinate)	25 mcg	21%
Molybdenum (as molybdenum chelate)	4 mcg	5%
Potassium (as potassium chloride)	50 mg	1%

ANAVITE Athletic Drive Matrix		
Carnipure™ (L-Carnitine L-Tartrate)	1,000 mg	**
Beta-Alanine	1,600 mg	**
Boron	25 mcg	**

*Percent Daily Values are based on a 2,000 calorie diet. **Daily Value (DV) not established. Allergen Warning: Contains fish.
