

**Lycopene** is a naturally-occurring carotenoid responsible for giving carrots, tomatoes, peppers, watermelons and other fruits and vegetables their vibrant red color. Known as a powerful antioxidant, Lycopene may help neutralize damaging free radicals while supporting cardiovascular and immune health by boosting the body's natural antioxidant defenses.<sup>†</sup> Lycopene may also support colon and pancreas health.<sup>†</sup>

<sup>†</sup>These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure, or prevent any disease.

**Warnings:** Pregnant or lactating women and people with known medical conditions and/or taking drugs should consult with a qualified healthcare practitioner prior to taking dietary supplements.
