Nourishes the blood, nerves, and reproductive tissues*

Pippali (*Piper longum*) is a powerful rejuvenating herb that strengthens and nourishes the body. It is a close relative of the common table spice black pepper, and is similarly pungent and heating. Pippali stimulates metabolism, burns natural toxins, and helps maintain a healthy digestive environment. It is an excellent tonic for the lungs, supporting clear and comfortable breathing. Pippali nourishes the blood and promotes healthy circulation and supports a healthy liver. It is also used in many Ayurvedic formulations in small amounts to encourage proper assimilation of the herbs.*

Suggested Use: ¼ to ½ teaspoon with warm water, once or twice daily, or as directed by your health practitioner.

Not to be used during pregnancy. If you are nursing, taking medications, or have a medical condition, please consult with your health care practitioner prior to the use of this product.
