What Is EpiCor®?

EpiCor® is a clinically studied immune-promoting yeast complex—a Super Food for immune health.[†]

How EpiCor® Works[†]

EpiCor® has been clinically shown to increase the activity of Natural Killer cells and other immune cells in healthy adults. Natural Killer cells are part of the body's natural immune defense.[†]

EpiCor® also supports the body's production of the antibody IgA, found in mucus membranes, which is an integral part of the body's first line of defense.[†]
