

The Nutribody Story

Nutribody Protein is the ultimate answer for those looking for optimum health and unsurpassed flavor. Its pure, nourishing blend of brown rice and pea proteins provides a naturally sweet taste, with no cholesterol, sugar, or GMOs. Easily digestible and 100% hypoallergenic, Nutribody is free of soy, wheat, dairy, and eggs— common food allergens. And unlike whey, Nutribody does not cause bloating, cramping, constipation or gas. It can be used to increase protein in your diet, manage blood sugar, or build muscle while losing body fat.

What can Nutribody Protein do for you?*

MUSCLE-BUILDING: In two years of trials with one of America's top pro cycling teams, our protein blend boosted performance without any gas, bloating, or digestive issues.

WEIGHT LOSS: Nutribody's long-lasting natural protein sustains you throughout the day without food cravings and energy crashes caused by carbs and sugar.

GENERAL HEALTH FOR ALL AGES: Easily digestible protein with no gastric distress, carbs, fat or sugar. Soy and dairy free, which means hormone and antibiotics free.

NOTICE: Consult your physician if you are pregnant, nursing, taking medication or have a medical condition. This product is not intended to diagnose, treat, cure or prevent any disease, but is a dietary supplement intended solely for nutritional support. Do not use if safety seal is broken or missing. Keep out of reach of children.

*THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.

Directions

Mix 1 scoop (4 rounded tbsp) with your favorite juice or add fruit to make a smoothie! Best if taken throughout the day in a shake or mixed in a meal. For active adults, consume 0.5 grams of protein per pound of body weight. For maximum strength athletes, consume 0.8 grams of protein (or more) per pound of body weight per day. Your body will thank you.
