

Suggested Usage: Take 2 capsules daily. Licorice has been extensively researched for its ability to support healthy digestive function.* DGL, or deglycyrrhizinated licorice, is a form of licorice root that has been specially processed to remove glycyrrhizin, an undesirable compound, thereby enriching the biologically active compounds that help maintain a healthy lining in the stomach and intestines.* Aloe vera has been included for its soothing properties.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.

Natural color variation may occur in this product.
