## The MMF™ Difference

After tens of millions of dollars invested in research and  
clinical validation, a ground-breaking new product called  
**Military Micronutrient Formulation™ (MMF™)** was born.

The unique **Combination** of micronutrients in **MMF™** had  
never been encapsulated before. By thoroughly testing each  
micronutrient in varying **Quantities** (proper ratios), using their  
natural **isoForms**, **MMF™** sets a higher standard for health  
supplements. The **"CQF Standard"** (Combination, Quantity,  
Form) is the key in making each ingredient work in harmony to  
maximize potency and produce real results... placing **MMF™** in  
a class of its own.\*

Manufactured in an  
ISO Certified facility

Made in  
the U.S.A.
