

Rich source of nutrients, providing natural support for cellular functions. Gluten free, non-GMO, cGMP compliant, no artificial ingredients, no fillers.†

Desert Harvest Freeze-dried Aloe Vera Capsules are a super-strength concentration of aloe vera not found in common brands. Our aloe vera plants are grown organically with no pesticides or herbicides. We use a patented process to remove the harsh anthraquinones, so our aloe vera is not a laxative. All of the water and insoluble fiber are also removed, so you get all of the remaining 200 ingredients that appear naturally in the aloe plant.

DIRECTIONS: Three to six capsules daily or as directed by a healthcare practitioner. Take with a full 8-ounce glass of liquid. Can be taken with or without food, medications, or other supplements. Store in a cool, dry place out of the reach of children.
