

Florajen®

Acidophilus

for potent probiotic
benefits

Probiotics are live bacteria and naturally die off at a faster rate when not refrigerated.

Florajen® maintains a Cold Chain Commitment™ meaning that from the time our probiotics are manufactured to when they are placed in your hands Florajen is kept cold.

Lactobacillus Acidophilus is resilient and has demonstrated benefits in different parts of the body for overall balance and health. The human body contains trillions of microorganisms, so a probiotic with billions of cells is needed to help maintain balance.* That's why Florajen Acidophilus offers 20 billion live cultures per capsule.
