**DIRECTIONS:** Adults - one tablet daily or as directed by a doctor. Tablets should be swallowed whole. Not intended for children. Do not exceed recommended dosage.

**WARNING:** The treatment of any anemic condition should be under the advice and supervision of a physician. As oral iron products interfere with absorption of oral tetracycline antibiotics, these products should not be taken within two hours of each other. As with any dietary supplement, if you are on medication, pregnant or nursing a baby, seek the advice of a health professional before using this product.
