CurcuFRESH™ Curcumin Powder

Curcumin Juice Complex

Derived from Fresh Turmeric Juice

- Pure Powder, Solvent Free
- 40x Bioavailability†

NET WT. 2 OZ. (57 g)

A Dietary Supplement Vegetarian/Vegan

Suggested Usage: Take 1/4 level teaspoon daily mixed in water or juice.

Curcumin from dried turmeric root extracts is known for its poor solubility and bioavailability. CurcuFRESH™ is prepared using only fresh turmeric rhizome that is never dried or extracted using solvents. As a result, curcumin remains in its native complexed form and, when ingested, leads to dramatically higher levels of beneficial, free, non-metabolized curcumin in the body († up to 40x as compared with standard curcumin extracts).

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition (including liver dysfunction, gall bladder or gastrointestinal problems). Keep out of reach of children.

Natural color variation may occur in this product.

Do not eat freshness packet enclosed.

CODE 5017 V2
