

LipidShield® is a scientifically formulated, healthy, natural and effective alternative designed to help maintain cholesterol levels that are already in the normal range.† This doctor recommended product combines the power of plant phytosterols and plant stanols. The FDA has recognized that these compounds "may reduce the risk of heart disease when consumed with a diet low in saturated fat and cholesterol". The combination of these individual active ingredients has been clinically tested for heart health and cholesterol reduction.†

WARNING: Not intended for anyone under the age of 18. Do not use if you are pregnant, nursing, using statin drugs or other cholesterol lowering medications. Consult your physician if you are using any prescription medications or being treated for a pre-existing medical condition.

† These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

LipidShield® is manufactured using cGMP standards in a FDA inspected and registered facility.
