

BIO X4

4-in-1 Weight Management Probiotic

TAKE CONTROL OF YOUR APPETITE AGAIN,
ENHANCE YOUR METABOLISM & DIGESTION, AND
FEEL BETTER THAN EVER

When you're trying to slim down, one of the biggest challenges is resisting the constant cravings you feel for fattening foods. To make matters worse, when you try to force yourself to cut calories, your metabolism slows down... and that makes your energy go down and your body fat go up.

Not to mention, the change in diet often increases digestive problems.

BIO-X4 is specifically designed to flip that situation on its head and help you...

- ✓ Control those cravings that make you overeat
- ✓ Boost your metabolism and burn more fat
- ✓ Get the energy and nutrients you need from the food you eat
- ✓ Feel more confident without gas and bloating after eating

Who Needs BIO-X4?

BIO-X4 can be helpful to anyone who is trying to slim down naturally without dangerous prescription drugs... without radical lifestyle changes... without impossible-to-maintain diets.

If you are having trouble curbing that hunger and getting the body you deserve, try BIO-X4 for 90 days risk-free. If you are not 100% satisfied with your fat-loss results, increased energy levels, and improved digestive health... we'll refund your money — no questions asked.

How BIO-X4 Works

With a unique blend of 4 different digestive and fat-loss enhancers, each capsule of BIO-X4 is designed to help you feel great while shrinking your waistline. The hunger-control power of Caralluma Fimbriata and the fat-burning capabilities of EGCG work in concert with the digestive boost of probiotics and digestive enzymes to help your body reach its full weight-loss potential.

With your hunger down and your energy up, you can finally begin to see the progress you've been struggling to achieve in both your weight and your health.

Users of BIO-X4 have reported...

- Dramatically reduced junk food cravings
- Losing stubborn fat that they couldn't lose before
- Significantly more energy throughout the day
- Freedom from embarrassing gas, bloating, and irregular bathroom visits

What's in BIO-X4?

Caralluma Fimbriata: Multiple studies have shown Caralluma Fimbriata extract to be a safe and powerful appetite suppressant. One study published in *Appetite* (May 2007) indicates that Caralluma extract helps suppress appetite and reduce waist circumference.¹

EGCG is natural compound found in green tea. It has been shown in several studies to boost the body's fat-burning activity. One study published in the *American Journal of Clinical Nutrition* indicated that **EGCG quadrupled belly fat loss.**²

Digestive Enzymes are tiny protein molecules that break down the foods you eat and unlock the nutrients for your body to absorb. As you get older, though, your production of these enzymes starts to slow down. BIO-X4 includes 3 key digestive enzymes to help you get the most from the food you eat:

- **Amylase:** breaks down sugars
- **Lipase:** breaks down fats
- **Bromelain:** breaks down protein and helps calm intestinal irritation

Probiotics are friendly bacteria that help balance your gut. Your digestive system has both good and bad bacteria:

- Good bacteria help you absorb the nutrients your enzymes unlock from your food.
- Bad bacteria cause digestive problems and make you crave sugars, carbs, and other unhealthy foods.

Unfortunately, the American food supply is loaded with ingredients that feed the bad bacteria and wreak havoc on your digestive system. BIO-X4 gives you 12 billion CFUs of friendly probiotic bacteria from 5 unique strains to re-balance your digestive system and increase energy levels.^{3,4}

Suggested Use:

Whenever you are about to eat, simply take 1 capsule of BIO-X4 beforehand. Then, enjoy your meal!

We Are Passionate About Product Safety:

Every capsule of BIO-X4 is packed with essential ingredients to control your cravings, enhance your digestion and metabolism, and help you achieve fat-loss results that have eluded you for years.

However, just as important to us is what we DO NOT put in the capsules.

- No Lactose
- No Fillers
- 100% Pure Ingredients
- Vegetarian Capsules

BIO X4 Offers A Full 90-Day Money-Back Guarantee:

If you're not 100% satisfied with the results, send back your order within 90 days for a full refund — no questions asked. You will be absolutely amazed at just how quickly your body can change. See the results for yourself...

Does it cause any side effects?

BIO X4 has no known side effects and is made up of pure ingredients. They only help your system. We use gluten-free, allergen-free capsules, so you can take them no matter what your diet restrictions may be.

How do I take BIO X4?

For optimal results, take 1 capsule of BIO X4 with each meal — breakfast, lunch, and dinner. Supplementing each meal with digestive help that assists in processing your food and extracting the maximum amount of nutrients gives your body the tools it requires to operate at its peak level of performance.

What will happen if I miss a day?

Preferably, you want to take BIO X4 consistently on a daily basis, to allow your body to build up a prime level of enzymes, nutrients, and beneficial bacteria. If you happen to miss a serving, or even an entire day, just continue as normal the next day.

How long should expect to wait before I see results?

Everyone's digestive system is a bit different. However, I feel you should give BIO X4 at least 30 days to fully get to work, and some users really start to see results after 60 days. I guarantee, if you are taking the recommended serving of 3 capsules on a daily basis, exercising regularly, and not overeating carbs and sweets, you will start seeing results within the first 1-2 months.

Can I purchase BIO X4 in stores?

Because BIO X4 is brand-new, it's not available in stores. Currently, this is the only place where BIO X4 is being sold.
