

X-FACTOR™ Gold High Vitamin Butter Oil is made from dairy oil extracted without heat from cows that eat 100% rapidly growing grass. The speed of the grass growth, timing of the grazing of this grass, species of grass, climate and extraction method are all important to make real X-FACTOR™ Gold High Vitamin Butter Oil.

Dr Weston A Price first discovered High Vitamin Butter Oil in the 1930's. But the pinnacle of his discovery was the synergistic effect when combining High Vitamin Butter Oil with traditional cod liver oil.

Historically Sacred Food

Dr. Price traveled the world studying the traditional diets of many cultures. In every culture he discovered sacred foods that were carefully collected and prepared to ensure the strong mind, body and spirit of its people.
