

Background Information: Nopal cactus has been used for thousands of years by inhabitants of the Sonoran Desert region, both as a food and for enhanced health and vitality. HealthForce Nopal Blood Sugar™ is the authentic *Opuntia streptocantha* species, dried at low temperatures to preserve enzymes and heat-sensitive elements. HealthForce Nopal Blood Sugar™ contains a unique phytonutrient, vitamin, and mineral profile that contributes to its beneficial effects. This profile includes support for the immune system and a moderated balance of blood sugar.* It is also rich in bulk-forming mucilaginous fiber that assists most foods, herbs, and supplements taken with it to be gently and slowly released into the blood stream. This includes the slow release of sugars into the blood stream to support healthy blood sugar and insulin functions.*

100% POST-CONSUMER RECYCLED PAPER (DIOXIN FREE) PRODUCED WITH WIND ENERGY.

CAUTION TO INSULIN USERS/DIABETICS: If you are taking insulin, check with your doctor as your dose may need to be monitored or adjusted.*
