Gluten Free
No Additives

Certified Kosher
Ractopamine Free

Sourced from Grass Fed Bovine

THE HUMAN BODY IS COMPOSED OF 30% COLLAGEN!

It is found in our Skin, Hair, Muscles, Bones, Teeth and Tendons. It creates elasticity for our skin and literally helps hold the body together. By our mid 20's, Collagen production is already in decline. As we continue to age, our body's natural Collagen production further decreases while stress and physical impact increases. The unfortunate result is an acceleration of age related markers such as wrinkles, sagging skin as well as the weakening of joints, bones, teeth and hair.

Z!NT Collagen Hydrolysate is a nutritional Collagen Peptide that helps support & invigorate Healthy Skin, Hair, Teeth, Nails, Joints, Digestion and Hormonal Balance.**

In addition, Collagen's most abundant amino acid, Glycine, helps support healthy liver function to further assist the body in reaching optimal health and well-being.**

Collagen Hydrolysate provides similar benefits to Gelatin, however the process of Hydrolysis reduces the Collagen molecules to a size where they are more bio-available and bio-absorbed.

- Promotes hormonal balance**
- Strengthens immune system**
- Aids digestion**
- Supports muscle retention**

USAGE: Blend 2 Tbsp. of Z!NT Collagen into your favorite beverage or recipe twice per day. We recommend one serving in the morning and one in the evening. Mix thoroughly until completely dissolved.

We love to add Z!NT Collagen to our coffee, smoothies and salad dressings.
