Product Description

Looking for a supplement to help you lose fat, maintain your muscles, and at the same time keep your metabolism up?

Chromium Picolinate is the product you need to start using today.

MediPlan Diet Services' Chromium Picolinate is the ultimate product to help you maintain your muscle weight while assisting in losing fat. Thus, your metabolism will be an all time high.

What does it do?

- Helps in maintaining a healthy sugar level in blood
- Helps in maintaining a healthy cholesterol level and body metabolism
- Helps in reducing body fat while at the same time promoting healthy lean body mass

Chromium is also one of the best compounds for people who have high cholesterol, destabilized sugar levels and high blood pressures.

Dosage: The dietary supplement works best when 1 capsule of it is taken before lunch and 1 capsule before dinner.

Caution: Refrain from exceeding the recommended dose. Children under 18, nursing mothers, pregnant women and people with known medical conditions must consult a physician before using Chromium Picolinate or any other dietary supplement.

Disclaimer: The Food and Drug Administration has not evaluated the above mentioned statements. The product also is not intended to diagnose, cure, treat or prevent any sort of disease.
