TWINLAB®

NAC

(N-Acetyl-Cysteine)
Free Form Amino Acid
DIETARY SUPPLEMENT

60 CAPSULES

Supplement Facts

Serving Size 1 Capsule

Amount Per Serving

NAC (N-Acetyl-Cysteine)	600 mg	†
-------------------------	--------	---

†Daily Value not established.

Other Ingredients: Gelatin, medium chain triglycerides, silica, magnesium stearate.

NAC (N-Acetyl-Cysteine) is a precursor of glutathione in the body and a protected sulfur-containing amino acid. It is more stable than the sulfur-containing amino acid L-Cysteine.

Directions: Take one capsule daily, preferably with a meal.
Best if used by date shown on bottle.
