Please read entire label before use.

1MR™ is an extremely powerful workout tool that is to be consumed on workout days only.

Suggested Use: USE ON TRAINING DAYS ONLY. Take 1 serving (1 scoop) approximately 15-30 minutes prior to training, blended into 6-8 ounces of cold water or beverage, or as suggested by a qualified healthcare practitioner.

Important Note(s): Do not exceed 1 serving (1 scoop) per training day. Avoid eating food or drinking a protein shake within an hour after consuming **1MR™**. To avoid sleeplessness, do not take within 4 hours of bedtime. Taking **1MR™** with food, or on a full stomach, may diminish its effects. Many individuals notice the initial energy, mental focus, and volumizing effects within just 5-15 minutes of ingestion, with a progressive increase every few minutes thereafter. Others may begin to notice initial signs within 30-45 minutes of ingestion.

Warnings: Not intended for use by persons under age 18. Do not exceed recommended dose. Do not take for more than 8 consecutive weeks. This product should not be taken by pregnant or lactating women. Get the consent of a licensed physician before using this product, especially if you are taking medication, have a medical condition, or thinking about becoming pregnant. **Keep this product and all supplements out of the reach of children.**

Caffeine warning: The recommended serving of this product contains approximately as much caffeine as three cups of coffee. Do not consume caffeine or synephrine from other sources, including but not limited to coffee, tea, soda and other dietary supplements or medications containing phenylephrine or caffeine. Too much caffeine may cause nervousness, irritability, sleeplessness, and occasionally rapid heartbeat. Discontinue use if you experience dizziness, severe headache, rapid heartbeat or shortness of breath.
