FRESH UPGRADE: POTENCY PROVEN

Established levels of active marker compounds with NO standardized extracts, fillers, preservatives or other adulterants.

We Start and End with Whole Herb

From farm to bottle, we use naturopathic wisdom and innovative processes to create exceptional products. We grow herbs on a certified organic farm, harvest them at peak potency, and freeze-dry in-house. Freeze-drying is the gentlest method of preservation and keeps the plant's nutrients in the same balance as found in nature. The closest thing to an herb picked fresh from your garden in the convenience of a capsule.
