Maximum Care

- For Digestive & Immune Support*
- Helps to Support a Healthy Digestive System*
- 30 Billion Active Cultures per Capsule

30 Capsules ~ One per Day

Beneficial bacteria can help support a healthy digestive system*.

More than 70 percent of our body's natural immune defenses are found in the intestinal tract. Good bacteria found here help promote a healthy and balanced digestive system*. Everyday factors such as stress, illness and some prescription medications can all affect the body's digestive and immune systems by allowing bad bacteria to flourish in the intestinal tract. Probiotics can help support good bacteria to promote digestive and immune health*.

Finest Nutrition® Maximum Care Probiotic is a high potency formula that helps support a healthy intestinal wall*. Our Formula contains 30 billion CFUs of 10 of the most active, safe and effective probiotic strains including:

- Bifidobacterium Infantis
- Lactobacillus Acidophilus
- Bifidobacterium Lactis
- Bifidobacterium Bifidum

This blend of healthy bacteria will help support your digestive system and maintain balance*.

Supplement Facts:

Proprietary Probiotic Blend Provides 30 Billion CFUs - Contains a minimum of 30 billion live bacteria when manufactured, and provides an effective level until at least the "Best Used By" date.
