[So you want to live forever, huh? We suggest you follow in the footsteps of Ponce de Leon. But if it's the more sustainable goal of everyday healthy living you're after, Trader Joe's Super Red Drink Powder may be just what you're after.]

An astounding concoction of antioxidant powerhouses, Super Red has a power that rivals even the mightiest superhero. The power of ORAC. That's Oxygen Radical Absorbance Capacity – and that's a very technical way to describe antioxidant power. For example, a 3.5 ounce serving of cherries has about 670 ORAC units. The same amount of broccoli? About 900 ORAC units.

But a single scoop of Trader Joe's Super Red Drink Powder contains at least 8000 ORAC units! And unlike many of its super-rivals, it tastes great! So go ahead, eat your fruits and vegetables. They're good for you. But a little extra superpower never hurt. Just ask Clark Kent.

Directions: Add 1 scoop (10g) of Super Red Drink Powder to 1 cup (8 fl oz) water, skim milk or juice. May be stirred or mixed in a blender for a smoother consistency. Use once daily.

People with medical concerns should check with their physician before using this or any dietary supplement.
