21<sup>ST</sup> Century® Krill Oil provides Omega-3 fatty acids. EPA and DHA are important Omega-3 fatty acids that support cardiovascular health as well as being important components of the cells in the body.\* Krill Oil is from small red-colored crustaceans that thrive in cold water and are similar to shrimp. The Omega-3 Fatty Acids in Krill Oil exist as the natural phospholipids form found in krill.\* One small softgel provides an optimal combination of Omega-3 Fatty Acids for Heart Health Support.\*

**Directions:** As a dietary supplement, adults take one (1) softgel daily with any meal or as directed by a healthcare provider. Do not exceed recommended dosage. Individual results may vary.

**Warning:** Consult healthcare provider prior to use if pregnant, nursing, on medications, have a medical condition or are planning medical procedure. Stop use and contact a physician if adverse reactions occur.

**Keep out of reach of children.** Do not use if product appears to be tampered with or seal is broken. Store at room temperature.

No added Sugar, Preservatives or Artificial Flavors.  
**Gluten Free.**
