Weight Management Support*

Some studies have shown that adding **CLA** as a supplement to a sensible weight management program may increase lean muscle mass, which in turn helps burn more calories and reduce body fat. Nature's Sunshine suggests a sensible diet, exercise, and adequate water when taking this supplement.

CLA also supports cholesterol levels already within the normal range, and may help support immune function.*

RECOMMENDATION

Take 4 capsules daily. Preferably with food.

**These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.*

This bottle was sealed for your protection. Do not use if inner seal is missing or damaged. Nature's Sunshine uses natural source materials that are subject to color variation.
