

Suggested Usage: 1–2 capsules per day with meals or along with 12 fl. oz. of water or as directed by a health care professional.

Digest-ProGD™ is a comprehensive, proprietary enzyme blend that supports the digestion of foods containing gluten and dairy proteins. Dipeptidyl peptidase IV (DPP-IV) helps break down gluten peptide fragments and a unique mixture of protease enzymes and lactase assist digestion of multiple constituents of milk and casein, beta-lactoglobulin and lactose-containing foods.*

Contains no artificial preservatives, colors or sweeteners; no dairy, gluten or yeast. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.

* This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Bioclinic Naturals™ products are guaranteed to meet or exceed Good Manufacturing Practices (GMP) of the Canadian Government and the Therapeutic Goods Administration (TGA) regulations of Australia—among the world's highest standards for natural products.

Recyclable container.
