

Herb Specialist Since 1972

Structural System Support†

Collatrim Plus is a blended mix of collagen powder—designed to promote joint, muscle, and skin health. Amino acids contained within collagen help fortify connective tissues, encouraging protein regeneration. Utilizing hydrolyzed bovine collagen, which is a fibrous protein, **Collatrim Plus** provides the essential building blocks for a strong structural system.†

RECOMMENDATION: Mix 1/3 scoop (3.6 grams) in 4 oz. water three times daily. Scoop included.
