

Since 1972

Phyto-Soy is a standardized powdered soy extract rich in the most important isoflavones studied in recent scientific research. For maximum effectiveness, Phyto-Soy contains a mixture of isoflavones: genistein, daidzein, and glycitein. These phytonutrients are linked to the positive effects of soy-based diets.

Additional support products for adults: Men's Formula, E-Tea, SC Formula, and Natural Changes®.

RECOMMENDATION

Take one capsule with a meal three times daily. Drink one glass (8 oz) of Nature's Spring water with each capsule. Three capsules daily supply 36 mg of isoflavones (genistein, daidzein, glycitein).

This bottle was sealed for your protection. Do not use if inner seal is missing or damaged. Nature's Sunshine uses natural source materials in its products that are subject to color variation.
