

Suggested Usage: Stir ½–1 scoop (2.5–5 g) into (12–16 fl. oz.) of cold water or juice 1–2 times per day. Drink additional water (12–16 fl. oz.) after taking PGX®. Begin with ½ a scoop and gradually increase over several days as tolerated. Up to 1 scoop 3 times daily may be required in some cases for optimal results, or take as directed by a health care professional. Use consistently before or with meals or with healthy snacks to obtain the desired results.

Serving Option: PGX® Daily Granules are unflavored and can also be sprinkled onto any moist food, yogurt, fruit salad, oatmeal, soup, low-calorie beverage or meal replacement.

Notice: A small percentage of people may initially experience minor digestive changes when taking PGX® Daily. Slowly work up to the full dose to give your body time to adjust. It is important to drink adequate amounts of water (12–16 fl. oz.) immediately after taking PGX® Daily. Use PGX® as part of your diet to support healthy glucose and cholesterol levels that are already within the normal range.* PGX® helps to lower the glycemic index of your meals, contributing to healthy glucose metabolism and body composition.*

Contains no artificial preservatives, colors or sweeteners; no dairy, gluten, wheat or yeast. Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.

PGX®, PolyGlycoPlex®, PGX® Daily Granules and EnviroSimplex® are registered trademarks of InovoBiologic Inc. PGX®, Patent Pending. For more information on PGX®, contact the PGX support centre at 1-800-895-1470.

For product freshness protect from heat and humidity.

Store at room temperature between 15–30 °C. Protect from direct sunlight.
