While taking liquid multivitamin supplements with iron, a slight darkening of the teeth may occur. Brushing will minimize this temporary condition.

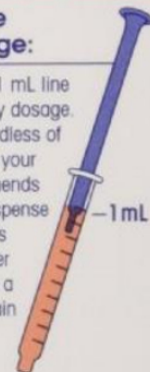

If you have a question, we are here for you. Call us toll free: 1-800-BABY123, 8 am to 4:30 pm Monday-Saturday, Central Time. Or visit Enfamil.com

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of the reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

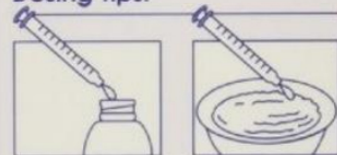

Now Includes
Easy-To-Use Syringe!

How To Use The Enclosed Syringe:

Fill the syringe to the 1 mL line to provide the full daily dosage. Use full dosage, regardless of age or weight, unless your child's doctor recommends a different dosage. Dispense slowly into your child's mouth toward the inner cheek. It is normal for a small amount to remain in the tip.

Dosing Tips:

Poly•Vi•Sol® with iron may be given by dispensing directly into the mouth. It may also be mixed with formula, fruit juice, cereal or other foods to increase your child's acceptance.

Ask your child's doctor about Poly•Vi•Sol with iron.

This product comes with a child-resistant cap. Refrigeration not required. After opening, store away from direct sunlight.

USE BY DATE ON BOTTOM OF CARTON

Poly•Vi•Sol® with iron Liquid Multivitamin Supplement

Enfamil® Poly•Vi•Sol® with iron Liquid Multivitamin Supplement has the amount of vitamin D recommended by the American Academy of Pediatrics for infants and toddlers who consume less than one quart of milk or formula per day.

Poly•Vi•Sol with iron is designed to help meet the nutritional needs of your growing infant or toddler.

- Poly•Vi•Sol with iron is an ideal multivitamin supplement during your child's transition to solid foods, during growth spurts, or for the picky eater.
- One daily dose of Poly•Vi•Sol with iron has 8 vitamins and iron and is fruit flavored.
- Poly•Vi•Sol with iron is lactose-free and free of artificial sweeteners.
