

Suggested Usage: Start with 1–2 softgels per meal and slowly build up to the recommended dose of 3–6 softgels per meal. For best results take PGX® Daily softgels before meals with a glass (8 fl. oz.) of water or as directed by a health care professional.

Use PGX® Daily as part of your diet to support healthy glucose and cholesterol levels that are already within the normal range.* PGX® helps to lower the glycemic index of your meals, contributing to healthy glucose metabolism.*

Notice: A small percentage of people may initially experience minor temporary digestive changes as the body adjusts to the addition of PGX®, usually in a few days. To help ease fiber digestion, slowly work up to the full dose. It is important to drink adequate amounts of water immediately after ingesting PGX®.

Contains no artificial sweeteners; no dairy, gluten, wheat or yeast.
Sealed for your protection. Do not use if seal is broken. For freshness, store in a cool, dry place.

* This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
