

MINERAL ELECTROLYTES promote long-duration performance by maintaining optimal levels of key electrolytes that ensure proper hydration.* Sweetened with Palatinose™, Onnit Mineral Electrolytes™ offers a low-sugar alternative to other sports drinks.

PROMOTE HYDRATION*

You lose electrolytes through sweat, quickly diminishing your performance. Calci-K® – a unique blend of calcium, potassium, and phosphorus – is readily absorbed for maximum uptake, helping you maintain elevated intensity through your workout or competition.*

OPTIMIZE MUSCLE FUNCTION*

Magnesium is involved in hundreds of chemical processes in the body and can help you sustain continuous muscle contractions during long-duration exercise.*

SPORTS DRINKS SHOULDN'T MAKE YOU FAT*

Palatinose™ prolongs your energy supply, without the boatloads of sugar and high-fructose corn syrup found in most sports drinks.* Derived from beets, Palatinose™ is a non-GMO, low-glycemic sugar that gives you just the right amount of fuel.*

CALCI-K® AND TRAACS® ARE REGISTERED TRADEMARKS OF ALBION LABORATORIES, INC.

*THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE, OR PREVENT ANY DISEASE.
