Milk Thistle is known for its antioxidant and liver-cleansing capabilities. Silymarin, the active ingredient, has been shown to restore the powerful antioxidant Glutathione inside the liver which aids in detoxification. Our product contains an optimal amount of Silymarin with the added benefit of a larger dose in one capsule.†

The Ultimate Extract® process makes our Milk Thistle easier to digest and more available than plain herb powder, creating a premium Milk Thistle supplement.

Due to variations in nature, the natural color of this product may be slightly different with each batch; however, the quality specifications remain the same.

WE GUARANTEE OUR SUPPLEMENTS FOR POTENCY AND PURITY
