

Doctor's Best PhosphatidylSerine (PS) contains SerinAid®, which provides a vital nutrient, PS, for the brain's nerve cell connections (synapses).^{*} PS helps facilitate the activity of neurotransmitters involved in learning, memory, and mood. PS supports overall cognitive function, focus and mental clarity.^{*} PS and other phospholipids are structural components of brain neurons that can help enhance cell-to-cell communication.^{*}

Numerous double-blind clinical trials document the benefits of PS for memory, learning, and other cognitive functions. PS may also help the body cope with occasional stress.^{*}

Helps support memory, learning, and other cognitive functions^{*}

Helps support the brain and body in coping with occasional stress^{*}

Helps facilitate nerve cell connectivity^{*}
