

USAGE: Take 1 capsule per day with food or as directed by your qualified healthcare professional.

NOTE: If you have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications, consult your healthcare professional before using this product.

Jarrow Formulas® Lactoferrin (apolactoferrin) is an important immune supporting glycoprotein that is found in breast milk, tears and other body fluids.* One of the biological activities of lactoferrin comes from its powerful ability to bind iron (300 times that of serum transferrin), which promotes the growth of beneficial bacteria.* Moreover, digestion of lactoferrin by gastric pepsin liberates the immune-supporting peptide lactoferricin B.*

**Keep out of the reach of children.
Store in a cool, dry place.**
