

Lipotain® supplies 500 mg of niacin as inositol hexanicotinate per serving to help support healthy blood lipid levels already in the normal range, as well as standardized extract of guggul resin. This sustained-release form of niacin is formulated to be effective without the adverse effects associated with conventional niacin, such as flushing.*

Directions: Take one tablet three times daily or as directed by your healthcare practitioner.

This product is non-GMO, gluten-free, and vegetarian.

Caution: Niacin may be associated with itching and/or other allergic reactions.

Warning: Do not use if pregnant or breastfeeding or if you have a history of gout, kidney, or liver dysfunction. Larger than recommended doses of niacin have been associated with liver dysfunction. If taking cholesterol lowering medications, blood thinners, or nonsteroidal anti-inflammatory medications (NSAIDs) please consult with your clinician prior to use.

Storage: Keep tightly closed in a cool, dry place.
