

Cardiogenics® Intensive Care provides support for heart muscle health. It features extracts of hawthorn and arjuna, which may help maintain blood pressure levels already in the normal range, possibly through assisting blood vessel dilation. Complementing these herbs is a blend of amino acids and minerals—including magnesium, potassium, and calcium—that play important roles in healthy heart muscle function.*

Directions: Take one tablet three times daily or as directed by your healthcare practitioner.

This product is non-GMO, gluten-free, and vegetarian.

Caution: If pregnant or nursing, or taking medication, consult your healthcare practitioner before use. Keep out of the reach of children.

Storage: Keep tightly closed in a cool, dry place.
