

Clear Change® Daily Essentials is a premium packet containing 3 nutritional supplements designed to complement your daily foundation nutrition program and support daily detoxification following the Clear Change Metabolic Detoxification Program. This 1-month program features AdvaClear®, GlutaClear®, and Renagen™ DTX for targeted, daily support.*

Each once-daily packet provides:

Bifunctional detoxification support: AdvaClear® promotes vitality and health by supporting balanced activity of the Phase 1 and Phase 2 detoxification pathways. This formula provides methylated vitamin B12 and folic acid along with nutrients designed to enhance the activities of several liver detoxification enzymes.*

Antioxidant protection & detoxification support: GlutaClear® features a blend of key ingredients, including antioxidant vitamins, designed to help boost the body's production of glutathione. Glutathione plays an important role in protecting the body against oxidative stress and protecting cellular health.*

Kidney health: Renagen™ DTX is a specific blend of nutrients and traditional herbs designed to support healthy kidney function.*

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

The Metagenics Difference

Metagenics is one of the few professional nutraceutical companies that formulates and evaluates nutritional products in clinical practice. Each Clear Change Daily Essentials formula is science based and delivers optimized, targeted health support.*

For more information, visit
ClearChangeProgram.com

Each packet contains: 2 AdvaClear capsules (light brown), 1 GlutaClear tablet (white), and 1 Renagen DTX capsule (brown).

Directions: Take one packet daily for one to two months or as directed by your healthcare practitioner.

Products included are non-GMO and gluten-free.

Warning: Do not use if taking blood thinning medication, antihypertensive medications, hypoglycemic agents, insulin, digoxin or nitroglycerin, or before surgery. Excess vitamin A intake may be toxic and may increase the risk of birth defects. Pregnant women and women who may become pregnant should not exceed 10,000 IU of preformed vitamin A (retinyl palmitate) per day.

Caution: If pregnant or nursing, or if taking other nutritional supplements or medications, consult your healthcare practitioner before use.

Tamper Evident: Do not use if package is torn or open.

Storage: Keep in a cool, dry place.
