Store at room temperature 15°-30° C, 59°-86° F.

Keep out of reach of children.

Tamper Evident: Do not use if safety seal under cap is cut, torn, broken or missing.

High EPA and DHA content
Sea-Harvested Pelagic Fish Oil
Tested for Impurities

Omega3 uses 100% Pure Sea-Harvested Pelagic Fish Oil as our natural source of Omega-3 Essential Fatty Acids (EFAs). Because our modern diet is loaded with omega 6 & 9 (meat and vegetable oils) it is important to supplement with extra Omega-3, EPA and DHA content. Omega-3s are an important nutrient for maintaining a healthy brain and nervous system. EFAs also contribute to healthy heart function and joint flexibility as well as supporting brain, nerve, and visual function. Omega3 is tested to make sure it is free from harmful levels of contaminants.
