ALL 9 ESSENTIAL AMINO ACIDS TRAIN • RECOVER • BUILD*

Effectively maintaining and building lean muscle mass requires all nine essential amino acids (EAAs). Ensuring your diet has all nine EAAs can be difficult, so Dymatize® has developed **ALL9 AMINO**™—our most complete amino acid powder blend for optimal muscle protein synthesis (MPS) and training recovery support.*

ALL9 AMINO contains essential amino acids, such as BCAAs. Essential amino acids cannot be made by the body and must be acquired through protein consumption or supplementation. ALL9 AMINO supplies 10g of EAAs, including 7.2g of BCAAs.

ALL9 AMINO is a serious muscle support product, promoting MPS and training recovery along with a game-changing flavor experience.* Smooth, refreshing, delicious—enjoy ALL9 AMINO pre, post, during workouts or drink ALL9 all day.

DIRECTIONS:

Mix one scoop (provided) with 10 fl. oz. to 16 fl. oz. of water, depending upon taste preference.
