Best Used By:

**FOCUS
INTENSITY**

How to Use: Take as directed by a healthcare professional or, as a dietary supplement, mix 1 serving (1 stick pack) of Focus Zone with 16-20 ounces of cold water.

When to Use: Drink continuously during competition, training, and exercise to help improve focus, sustain hydration, bolster stamina, and aid against fatigue. For advanced intensity training or competition over 2 hours, and depending on personal needs, consume one additional serving (1 stick pack) of Focus Zone with 16-20 ounces of cold water, during each additional hour.

All Amino Vital® products contain AJIIPURE® — the highest-quality, pharmaceutical-grade amino acids available anywhere.

A sample of the batch from which this product was created was analyzed for substances banned by sport. No substances were found above the detection limits. Please see details at www.bscg.org.

Golf

Your game demands constant focus and a strong body. The amino acid blend in **FOCUS ZONE** helps give you mental focus and energy without the jitters of caffeine or the crash from sugary drinks. Use **FOCUS ZONE** on the front nine, and then again at the turn to support mental focus, because improved focus means fewer mistakes and better strokes throughout the round.*

Endurance

A lack of energy and focus can ruin your performance during training or competition. **FOCUS ZONE** helps to power your body through the most grueling workouts with a great, light taste that won't weigh you down. This formula keeps you hydrated with quick-absorbing amino acids plus electrolytes to help you make it through to the end feeling alert and strong.*

Fitness

During intense training, you need to be in the right mindset to improve your performance and reach your goals. The amino acid blend in **FOCUS ZONE** gives you the mental strength and muscle energy you need to keep going strong during your toughest workouts. Use this amino acid formula to help you take on long, hard cardio sessions with confidence.*
