

MACA POWDER

Prized for centuries, Maca root is a caffeine-free, edible herbaceous plant that has been traditionally used to support healthy energy and stamina.*

Our Maca Powder contains Organic Maca root, which is ethically harvested by our trusted partners, high in the Peruvian Andes. After harvest, our Maca goes through a process known as gelatinization, which uses heat and water to make our Maca easier to digest.*

Because Maca can help you maintain peak performance at home, work and play, it is popular among athletes, weekend warriors, and anyone looking to stay physically active.*
