**Longevity Factors™
Energy Enhancer**

*"Don't let tiredness get in your way. With age, both your metabolism and energy levels begin to decline. The ingredients in this formula can assist your body in enhancing energy levels."**

- Joseph Maroon, M.D.

Energy Enhancing Blend - this caffeine-free energy formula helps invigorate your body so you can push through your day! It's not a stimulant that will make you shake out of your shoes. It provides ingredients that play important roles in energy metabolism—that's how your body uses energy.* In a clinical study, this formula helped to delay muscle fatigue when taken daily.^

Polyphenols - includes powerful antioxidant protection from grape seed extract that's packed with polyphenols which can help combat the free radicals associated with cell-aging.*

**GNC Longevity Factors™
Energy Enhancer**

Premium formula. Clinically researched ingredients. Physician endorsed.

^In a 4 week randomized, double blind, placebo controlled study of 50 healthy untrained male volunteers ages 19-29, subjects were supplemented with either one of two doses of Energy Enhancer or placebo. After 4 weeks of treatment, the subjects taking Energy Enhancer experienced significant increases in PWCFT (physical working capacity at the fatigue threshold) over the placebo group.
