

Wellness Essentials Brain Health is formulated to target your unique nutritional needs to support brain health and overall wellness.*

Multifaceted health support: PhytoMulti® features a proprietary blend of 13 concentrated extracts and phytonutrients with scientifically tested biological activity to support cellular health and overall wellness.*

Cognitive health support: Features Magnesium L-Threonate, designed to support cognitive health. Magnesium, a divalent cation, is important for neuronal activity as it binds to neurotransmitter receptors and is a co-factor for neuronal enzymes.*

Mitochondrial function supports: CoQ10 is essential for energy production by supporting mitochondrial function.*

Antioxidant activity and glucose metabolism support: Features Meta-Lipoate® 300, a high quality alpha-lipoic acid which may protect tissues from free radicals, as well as support healthy glucose metabolism and cellular health.*

Cognitive and eye health: OmegaGenics® Neuro 1000 features a concentrated, purified source of omega-3 fatty acids with 750mg DHA and 250mg EPA per softgel.*
