Questions or comments? Call 1-888-287-1915

Probiotics are beneficial bacteria that live in your digestive tract and promote digestive and immune health.* Many other probiotics don't survive the harsh acidic stomach environment.

Because the probiotic in PROBIOTIC GUMMIES reaches your intestines alive, they are able to provide digestive and immune health benefits where you need them.* PROBIOTIC GUMMIES help lessen minor abdominal discomfort, bloating, and may relieve occasional diarrhea.*

Satisfaction guaranteed - Or we'll replace it or give you your money back. For questions or comments please call 1-888-287-1915.
