

Roex® Livalon® is derived from select hybrid milk thistle seeds and works to protect and support healthy liver function and detoxification.† The seeds are carefully extracted in a patented process to preserve the natural health promoting flavonoid compounds.†

The milk thistle extract found in Livalon® enhances glutathione output which is a protective antioxidant found within the liver.† Through increased bile protection, the extract also helps to break down and process fats.†

Warning: Consult your physician prior to use if you are pregnant, nursing, have a medical condition or are taking medications. Not intended for children.

†These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
