

Roex® Magnesium and Potassium are minerals that play a critical role in the support of our overall health.† These alkaline minerals are involved in hundreds of processes throughout the body.† Most notably, magnesium and potassium help maintain healthy circulatory function, cardiac rhythm, bone structure and energy levels.† Various factors deplete the body's reserves of these two nutrients, so replenishing to help the body stay balanced and healthy is needed.†

Warnings: Consult your physician prior to use if you are pregnant, nursing, have a medical condition or are taking medications. Not intended for children.

†These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Store at room temperature, in a dry place.

Keep out of the reach of children.

Do not use if clear safety seal around bottle neck is broken or missing.
