

4Life® Transfer Factor® RioVida® Tri-Factor Formula

Top-selling liquid supplement with 4Life
Transfer Factor® and antioxidants*

- Provides powerful immune system support*
- Features 4Life Transfer Factor®, which stimulates natural killer (NK) cell activity by up to 283%*†
- Delivers potent antioxidant protection*

What is 4Life Transfer Factor RioVida Tri-Factor Formula?

RioVida is the one-and-only liquid dietary supplement in the world that provides the immune-boosting benefits of Tri-Factor Formula with antioxidant-rich superfruits, including: açai, pomegranate, blueberry, elderberry, purple grape, and apple. The messenger molecules found in 4Life Transfer Factor Tri-Factor Formula help educate immune cells and support the immune system's ability to more effectively recognize, respond to, and remember potential health threats.*

Key Features

- Promotes healthy immune system function that, in turn, promotes healthy energy levels and the healthy function of all other systems throughout the body*
- Contains 4Life Transfer Factor to Raise Your Immune I.Q.®, helping educate immune cells and promoting the immune system's ability to more effectively recognize, respond to, and remember potential health threats*
- Delivers antioxidants that help protect the body from naturally occurring free radicals*
- Contains essential and supporting vitamins, minerals, amino acids, fatty acids, and polyphenols*
- Is protected by U.S. patents: 6,468,534 (extraction process for transfer factors from egg sources) and 6,866,868 (combination process of transfer factors from cow colostrum and chicken egg yolks)

Did you know?

RioVida is the first nutritional product to stabilize transfer factors in liquid form

Primary Support:

Immune System*
Healthy Aging*
Antioxidant*
Overall Wellness*

Secondary Support:

Brain Health*
Heart Health*
Energy*

*Test results obtained from an independent, unpublished in vitro experiment conducted at the Russian Academy of Medical Sciences, in Kashirskoe Shosse, Russia. The randomized and controlled in vitro study assessed the effects of 4Life Transfer Factor Classic, 4Life Transfer Factor Tri-Factor Formula, or 4Life Transfer Factor Plus Tri-Factor Formula, versus a positive control (Interleukin-2, or IL-2) on NK cell activity and effectiveness in destroying damaging cells. Blood was collected from healthy volunteers and then incubated for up to 48 hours. (REFERENCE: Kiselevsky MV & Khalutina EO. Unpublished observations)

DIRECTIONS: Drink one (1) or more oz daily. Limit to 1 serving per day for children. Shake well before each serving. Refrigerate after opening.
