

4Life Transfer Factor Vista®

Lutein and zeaxanthin to promote vision and eye health*

- Supports visual acuity and sharpness
- Includes ingredients to help shield the macula of the eyes from excessive blue light and oxidative effects of the sun
- Promotes healthy eye function
- Supports the eyes' ability to adapt to varying light conditions

What is 4Life Transfer Factor Vista?

4Life Transfer Factor Vista provides targeted support to benefit visual performance and eye health. It contains the #1 doctor recommended lutein brand,¹ as well as ingredients that support healthy visual acuity and the health and function of the macula of the eye. It also features Targeted Transfer Factor™, specifically 4Life Transfer Factor® Tri-Factor® Formula, to support the immune system.

Key Features

- Targeted Transfer Factor combines the benefits of 4Life's Transferceutical® ingredients with additional system-specific nutrients to provide a more focused and personal level of health support.
- Carotenoids such as lutein from marigold and zeaxanthin provide critical shielding and antioxidant benefits for the macula region of the eye.
- Bilberry and black currant extracts provide powerful antioxidant support for the eyes.
- Vitamins A, C, and E supply critical nutrients for the cells of the eyes and act as antioxidants to neutralize free radical activity in the eyes.

Did you know?

The macula is an oval-shaped highly pigmented yellow spot near the center of the retina of the human eye. The macula gets its yellow color from carotenoids such as lutein and zeaxanthin. It absorbs excess blue and ultraviolet light that enter the eye. Images viewed are focused within the macula, and it is bombarded with high amounts of light exposure.

To support eye health, wear sunglasses and hats when you're outside, limit alcohol intake, don't smoke, eat a nutritious diet, and get an eye exam at least every two years.

Many studies suggest taking Omega-3 and Omega-6 essential fatty acids to support the eyes.² In fact, lutein and zeaxanthin require the presence of fat to be absorbed into the body.³ 4Life's reformulated BioEFA® with CLA is a great companion product for 4Life Transfer Factor Vista.

Primary Support:

Vision
Eyes

Secondary Support:

Immune
Antioxidant

DIRECTIONS: Take two (2) capsules daily with a meal.

Supplement Facts

Serving Size: Two (2) Capsules		Servings Per Container: 30
Amount Per Serving		% DV*
