

PRO-TF® Chocolate

University-tested, ultra-absorbable protein that supports lean muscle and stimulates fat burning markers by up to 564%*

- Provides 20 grams of patent-pending, Low Molecular Weight PRO-TF Protein Blend in every two-scoop serving—one of the most advanced and effective protein available to burn fat, build muscle, and transform your body*
- Is the only protein supplement in the world to contain this critically essential protein source for your body plus 600 milligrams of 4Life Transfer Factor® in every two-scoop serving!*
- Increases muscle growth by 74%¹ and stimulates fat burning markers by up to 564%^{2*}
- Is university-tested

DIRECTIONS: For best results, combine one (1) serving (1 scoop) with 6 ounces or more of cold water to taste and shake vigorously in a shaker cup. Consume two (2) or more servings per day to help you achieve your daily protein needs, and get the recommended 600 milligram serving of 4Life Transfer Factor Tri-Factor Formula. On exercise days: Consume (1) or more serving 15–30 minutes prior to exercising, and consume one (1) or more serving within 30 minutes of completing an exercise session.

Low Molecular Weight PRO-TF® Protein Blend

4Life® Hi-DH PRO Whey & Egg Hydrolysate

A proprietary ratio of low molecular weight peptides from high-DH whey protein hydrolysate and egg white protein hydrolysate.

Una proporción exclusiva de péptidos de bajo peso molecular derivados de la proteína hidrolizada de suero de leche de alta densidad y proteínas hidrolizadas de la clara de huevo.

4Life® Tri-Factor® Formula

(UltraFactor XF®, OvoFactor®, and NanoFactor®)

Undenatured Whey Protein Concentrate
