

BLMD-256060

SIZE

PURE ZINC

60 CAPSULES

1-800-595-0538

Description

Zinc is a vital trace mineral, which aids in the maintenance of cellular metabolism and gene expression. This crucial mineral provides 54 mg of highly-absorbed Zinc, supporting immune function, insulin signaling, tissue repair, vision, and neurotransmission. It is necessary to take a Zinc supplement daily to maintain adequate levels within the body because the body does not have a storage supply of this critical element.

BENEFITS

- Provides Highly Absorbed Zinc for a Variety of Protocols
- Boosts Immune Function
